

**Abstract deadline: August 31, 2019**  
**Exhibition deadline: September 30, 2019**

### **Session topic**

1. Fundamentals of separation sciences
2. Applications of chromatography on cutting edge sciences
3. Speciation Analysis
4. Hyphenated techniques (IC-ICP-MS, LC-MS)
5. Atomic emission spectrometry and mass spectrometry
6. Advances in separation instrument
7. Novel sample preparation methods
8. Separation techniques : CE,FFF, SFC, and microfluidic separations
9. Food and environmental analysis

## 2019 Asia-Pacific Symposium on Ion Analysis (APIA 2019)

On behalf of the organizing committee, I would like to invite you to participate in 2019 Asia-Pacific Symposium on Ion Analysis (APIA), which will be held at Daejeon (South Korea) from November 6 to November 9, 2019.

Considering your research work in Ion Analytical field, we request you to participate in the conference with your colleagues and share your research work. A broad array of scientific tracks will cover diverse topics of cutting-edge research and innovation in Ion Analytical sciences. The four-day meeting would offer you a series of keynote lectures, talks from potential speakers and poster presentations.

Submission of abstracts for Oral and Poster presentations around world is highly encouraged. All abstracts will be peer reviewed by the scientific committee. The abstract submission ends on August 31, 2019.

We appreciate your time and look forward to hearing from you.

Best regards

Conference organizing committee, APIA 2019
